

Curriculum Vitae September 2019

Name Azarakhsh Mokri

Marital Status Married

Date of Birth November 25 1968

Work Address Rouzbeh Hospital
South Kargar Ave.
Tehran, Iran
Also
Iranian National Center for Addiction Studies (INCAS)
Qazvin Square,
Tehran, Iran
Tel: +9821 541 2222
Fax: +9821 541 9113
e-mail: mokri@ams.ac.ir.

Education

1982-1986 High School, Tehran/ Iran

1986-1994 MD, Tehran University of Medical Sciences
Graduating as the first percentile in the National Medical License Examination

1997 Diploma of Psychiatry
Tehran University of Medical Sciences
Ranking first in the National Board Examination

1994 Fluoxetine as a novel antidepressant. Doctoral dissertation

1997 Assessing affect perception in chimeric faces in a group of psychiatric patients. Residency dissertation

Positions held

1994-1997 Resident physician (psychiatry), Rouzbeh Hospital, Tehran University of Medical Sciences.

1996-1998 Practicing physician, Esfahani Addiction Clinic, affiliated to the Welfare Organization.

1997-1999 Practicing psychiatrist, Hospital No. 2, Law Enforcement

Organization

1997-2002	Executive editor of <i>The Archives of Iranian Medicine</i> , quarterly journal in English published by the Iranian Academy of Medical Sciences
1998-2000	Executive manager and editor of <i>Olum Shenakhti (Cognitive Sciences)</i> , quarterly journal published by the Institute of Cognitive Science Studies.
1999-2004	Practicing physician, Addiction Clinic, Rouzbeh Hospital, affiliated to Tehran University of Medical Sciences
1999-2002	Member of the Committee for Research in Mental Health and Substance Abuse, Deputy of Research, Ministry of Health, Treatment and Medical Education
1999-2001	Consultant psychiatrist in Aftab Society; a non-governmental organization for campaign against substance abuse.
2000-present	Assistant Professor of Psychiatry, Tehran University of Medical Sciences
2000-2002	Editor-in-Chief, <i>Olum-Shenakhti(Cognitive Sciences)</i> , quarterly journal published by the Institute of Cognitive Science Studies.
2000-present	Member of the editorial board, <i>Olum-shenakhti (Cognitive Sciences)</i> , quarterly journal published by the Institute of Cognitive Science Studies.
2000-2003	Scientific consultant in the naltrexone national project: “Assessing the Effectiveness of Naltrexone Maintenance in Iran”, Welfare Organization
2002-2005	Member of editorial board in “ <i>Archives of Iranian Medicine</i> ” quarterly journal in English published by the Iranian Academy of Medical Sciences
2002-2005	Member of the Scientific Committee of DARIUS, linked to the DARIUS project: UNDCP assisted project for drug demand reduction

2002-present	Member of the Iranian Harm Reduction Committee
July 2002	Secretary of the "Workshop and Seminar on Agonist Maintenance Treatment", 3 day workshop held by the Institute for Cognitive Science Studies and sponsored by Tehran University of Medical Sciences, Drug Control Headquarters, and the UNDCP office, Tehran, Iran
September 2002	WHO temporary advisor in the First Meeting of the regional Advisory Panel on the Impacts of drug Abuse (RAPID), 23-26 September 2002, Cairo, Egypt
2003-present	Head of Addiction Department, Rouzbeh Hospital Tehran University of Medical Sciences
January 2003	Scientific Secretary of the seminar and workshop on "Biological and Psychosocial Aspects of Drug Abuse- The first Swedish-Iranian Workshop"
2003	Scientific Secretary of the workshop on "Novel Pharmacological and non-Pharmacological Treatments in Addiction". A two-day workshop held by the Institute for Cognitive Sciences Studies, Yale University School of Medicine and Tehran University of Medical Sciences.
2003-present	Head of Department of Clinical Sciences, Iranian National Center for Addiction Studies (INCAS), Tehran
2003-2010	Member of the National Scientific and Consultant Committee for Drug Abuse Treatment and Harm Reduction, Ministry of Health and Medical Education
December 2003	WHO temporary advisor in the Second Meeting of the regional Advisory Panel on the Impacts of drug Abuse (RAPID), 1-4 December 2003, Tehran, Iran
2003- present	Deputy for Education & Training, Iranian National Center for Addiction Studies (INCAS)
October 2007	Chair of the First National Conference on Substance Abuse Treatment, 30 th October-1 st November, Tehran, Iran
2007-2012	Editorial president, <i>Fasnameh Etiad (Quarterly Journal of Addiction)</i> quarterly journal in Persian published by the Iranian Center for Addiction Studies

- 2008 Iranian representative at the UNODC “Open-ended intergovernmental expert working group on drug demand reduction” 15th – 17th September, 2008, Vienna, Austria
- 2009 Chair, National Conference on Tramadol Abuse, February 2009, Tehran, Iran
- 2009-Present Chair, Monthly Seminars on Addiction and Mental Disorders, Tehran University of Medical Sciences (51 seminars by March 2016)

Some International Presentations

- 2000 *Substance abuse in Iran: Perspectives and current treatment opportunities.* Psychiatric Department, Karolinska Institute, Stockholm, Sweden
- 2001 *Problem of substance abuse in Iran.* Presented at the Yale Center for International and Area Studies (YCIAS), Yale University, New Haven, USA
- 2002 *The check valve phenomenon in opium and heroin dependence in Iran.* Presented at the Second Iran-UK Joint Workshop on Drug Demand Reduction, Tehran, Iran
- 2003 *From opium smoking to heroin use.* Lecture presented at the 3rd International Conference on Harm Reduction, Chiang Mai, Thailand
- 2004 *Modern treatment Supply in Iran; Duality of nature or approach.* Congress on Ethnicity and Addiction, 7-10 September, Vienna, Austria.
- 2004 *The Iranian experience on maintenance treatment.* The 3rd International Conference of Substitutive Treatment and Rehabilitation of Drug Abuse, 29 September-2 October 2004, Katowice, Poland
- 2005 *Substance abuse treatment and HIV in Iran.* Delivery Systems for Substance Abuse Treatment, an international conference. 5-7

September, |Istanbul, Turkey

- 2005 *What policy actually means for the field.* The 48th International ICAA Conference on Dependencies, 23rd -28th October 2005, Budapest, Hungary
- 2006 *Maintenance treatment in Iran.* WHO Meeting on Collaborative Research Project on Drug Dependence Treatment and HIV/AIDS, 29th May-2nd June, Beijing, China
- 2007 *Seven years of harm reduction in Iran*
18th International Conference on the Reduction of Drug Related Harm, 13th -17th May, Warsaw, Poland
- 2007 *Addiction treatment and HIV prevention: A public health approach.* NIDA International Forum, 16th-19th June, 2007. Quebec City, Canada
- 2008 *Opioid substitution treatment.* 3-day workshop on substitution treatment, 14th -16th April, Beirut, Lebanon
- 2008 *Treatment problems and perspectives in an Islamic country: Experience from Iran.* Roads to Innovation in Addiction Treatment 3rd -5th, September, Zürich, Switzerland
- 2008 *Introduction and implementation of pharmacotherapies for opioid dependence in developing countries.* Technical Seminar on Drug Addiction Prevention and Treatment, 16th-18th December, Vienna, Austria
- 2009 *Implementation of OST in Iran.* National Consultation on OST, 28th January, Islamabad, Pakistan
- 2009 *Perspectives and obstacles for implementing treatment in an Islamic country: The experience of Iran.* ISSDP 3rd Annual Conference, 2nd-3rd March, Vienna, Austria

Research experience

- 1997-1998 Outcome of brief psychotic episodes in Iran (Tehran University of Medical Sciences).
- 1997-1998 Current status of research in medical sciences in Iran (Iranian Academy of Medical Sciences).

- 1999-2001 Determining factors in compliance with treatment and abstinence in Iranian opiate abusers (Rouzbeh Hospital).
- 1999-2001 Outcome of opiate abuse treatment (Rouzbeh Hospital, Tehran University of Medical Sciences).
- 1999-2001 Ultra-Rapid Detoxification in Iranian opiate abusers (Rouzbeh Hospital, Tehran University of Medical Sciences).
- 2000-2002 Assessing the Effectiveness of Naltrexone Maintenance in Iran, Welfare Organization, A multi-centred research
- 2001-2002 The status of research and publication in medical sciences in Tehran University of Medical Sciences (TUMS).
- 2001-2003 Assessing the performance of normal audience and patients suffering various mental illness in the Gambling Task (Bechara & Damasio)
- 2002-2004 Delayed discounting in general population and individuals suffering from borderline personality disorder
- 2002-2004 Assessing the effectiveness of low dose and high dose methadone maintenance in reducing illicit drug use and high-risk behavior in Iranian drug abusers. A 18-month project supported by the UNDCP office (currently UNODC) [Principal Investigator].
- 2003-2004 Effectiveness of methadone maintenance program in reducing illicit drug use and HIV related high-risk behavior. A multicenter nation-wide study sponsored by the Iranian Ministry of Health and Medical Education (MHME) and UNODC [Principal Investigator]
- 2003-2005 WHO collaborative study on substitution therapy of opioid dependence and HIV/AIDS. A WHO multinational research project. [Principal Investigator for Iran]
- 2004- 2007 HIV risk reduction and drug abuse treatment in Iran. NIDA Research Grant Number 3 R01 DA14718-02S1 awarded to Yale University. [Subawardee Project Director in Iran]
- 2005-2007 Comparative study of the efficacy MMT versus maintenance with tincture of opium in decreasing criminality, high-risk behavior and illicit drug use in opium dependent individuals. [Principal Investigator]

- 2005-2007 High-risk decision making and impulsive behavior in treatment seeking opioid dependent clients referred to the Iranian National Center for Addictive Studies. [Principal Investigator]
- 2005-2007 A feasibility study on establishing an office-based buprenorphine maintenance program. [Principal Investigator]
- 2008-2011 National pilot study of tincture of opium maintenance in prison, drop in center, and non-governmental clinical settings. [Principal Investigator]
- 2008-2011 Efficacy of structured cognitive-behavioral psychotherapies based on the Matrix model for treatment of methamphetamine dependence. [Principal Investigator]
- 2010-2011 Methamphetamine and Sexual Behavior: Investigating the Impact of Methamphetamine Use on Sexual Behavior and HIV Related Risk-taking in a Sample of Iranian Meth-users in Tehran. [Principal Investigator]
- 2011-2013 Effectiveness of methadone maintenance treatment in decreasing substance abuse and HIV-related high risk behavior in women's prisons in Iran [Co-investigator]
